Summary

Technical enthusiast with proficiency in **Python, SQL, Pandas, Object-Oriented Programming, and DBMS**, with interests in **Data Analysis, Data Visualization, Artificial Intelligence, Machine Learning, and Problem Solving**.

Education

- **Bachelor of Computer Applications (Artificial Intelligence & Machine Learning)**:
  Galgotias University , Greater Noida **Aug 2024 – July 2027**
  CGPA: 7.00
- **Senior Secondary** :
  Ram Sewak Ram Kumar Inter College (UP Board) , UP **Apr 2023 – Mar 2024**
  Percentage: 69.6
- **Secondary**:
  Ram Sewak Ram Kumar Inter College (UP Board) , UP **Apr 2021 – Mar 2022**
  Percentage: 73.8

Skills

Technical Skills

- **Programming Languages:** Java, Python
- **Tools & Technologies:** Git, VS Code, MySQL
- **Soft Skills:** Problem Solving, Team Collaboration, Consistency, Adaptability

Projects

Snake Game **April 2026**

- **Tech Stack:** Python, Pygame
- Developed a **classic Snake Game** using Python and Pygame with smooth real-time gameplay and keyboard controls.
- Implemented core game functions including **snake movement, food generation, score tracking, collision detection, game-over logic, and restart functionality**.
- Added **dynamic snake growth** after eating food and implemented boundary and self-collision detection for game control.
- Designed a simple **game interface with score display, game-over screen, and user controls** to provide an interactive gaming experience.

Certifications

- **Introduction to Data Analytics** – Simplilearn **Sep 2026**
- **Advanced Excel** – GreyLearn **Jul 2026**
- **Power BI for Beginners** – Simplilearn **Jul 2026**

Achievements

- Actively practice **Data Structures and Algorithms** and problem solving.
